**Undergraduate Courses**

## From the Desk of the Vice-Chancellor

I am delighted to welcome all prospective students to the portals of the University of Delhi. The University of Delhi popularly known as DU has been ranked as the number one university in India in numerous national and international surveys. The University offers a large variety of subjects for study through a combination of choices and specializations at the undergraduate and post graduate levels. Some of India's greatest scientists, defence personnel, civil servants, politicians, thinkers, economists, sports persons, actors and business leaders have been students of the University of Delhi or have served as faculty.

The University of Delhi constantly endeavours to enable each student to explore her own intrinsic talents and qualities and enhance them through her experiences at the University so that she may discover her true calling in life. Besides our commitment to academic excellence, DU provides ample opportunities for students to excel in the field of

sports/ECA/ NCC/NSS. University of Delhi regularly sends its sports teams and teams of students for projects to universities abroad. Students are also encouraged to think in innovative and creative ways and are encouraged to take part in the Innovation Projects Scheme where students and faculty work together in a trans-disciplinary manner for solving real world problems. They are also encouraged to relate their knowledge and expertise to become acquainted with the needs and challenges of India and of civil society. I would also like to make a special mention of the Cluster Innovation Centre (CIC) that offers two very special UG degrees-B.Tech. and B.A. (Hons) (Meta College) that are now much acclaimed in different parts of the world. In addition the CIC also offers a PG degree in mathematics Education jointly with Jamia Millia Islamia under the Meta University programme. The Cluster Innovation Centre has students and faculty taking part in several frontier areas of knowledge through innovations such as fabricating an inexpensive 3-D printer or working on projects to create alternative sources of energy or projects dealing with robotics.

We equip our students academically with a wide vision of life and an inquisitive mind which helps them explore new frontiers of knowledge. The University encourages students to become entrepreneurs in Colleges and CIC in association with the Ministry of Small and Medium Enterprises. This is done through incubation Centers that offer financial aid and also mentor the students. Several start-ups have already begun to take shape. In addition the University of Delhi shall offer from July 2015, a very special opportunity for students to be mentored to create their own startups in the field of electronics. The Software Technology Parks of India (STPI) has entered into an MOU with the University of Delhi and the STPI shall arrange for well recognized industry leaders to mentor and help in the process of creating startups.

The University has been running "College on Wheels" known as 'Gyanodaya Express'. This is a fully equipped railway train converted into a college with WiFi and laptops as well as a class room and a library. If you do travel on the Gyanodaya Express then you will become better acquainted with India in all its magnificent dimensions and splendor. University organises major academic and cultural event 'Antardhwani' where all colleges and all Post Graduate departments display their best practices through their respective stalls. Antardhwani also offers students the chance to take part in various events. In addition Antardhwani offers a platform for all the Innovation Projects from all the colleges to be put on display. Industry experts are invited to acquaint themselves with these projects and at the last Antardhwani event more than 30 projects were picked up by industry for developing the ideas.

I sincerely hope that students who are entering the University shall enrich themselves and shall find their true purpose in this journey of life through which they shall take part in creating well being for the nation and for society.
